INTERNATIONAL SEARCH REPORT

PCT/IB2004/051880

A. CLASSIFICATION OF SUBJECT MATTER IPC 7 H04N5/445							
According to International Patent Classification (IPC) or to both national classification and IPC							
B. FIELDS	SEARCHED	· ·					
Minimum documentation searched (classification system followed by classification symbols) IPC 7 H04N G09G							
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched							
Electronic data base consulted during the international search (name of data base and, where practical, search terms used)							
EPO-In	ternal, WPI Data, PAJ						
C. DOCUME	ENTS CONSIDERED TO BE RELEVANT						
Category °	Relevant to claim No.						
х	US 3 993 861 A (BAER RALPH H) 23 November 1976 (1976-11-23)		1-6, 11-16, 21-26				
	column 1, line 25 - column 2, line 50 column 4, lines 1-31 column 7, lines 13-25,46-58						
Α	US 3 900 887 A (II MASATAKE ET AL 19 August 1975 (1975-08-19) column 3, lines 1-12 column 8, lines 13-32	gust 1975 (1975-08-19) n 3, lines 1-12					
		-					
Further documents are listed in the continuation of box C.							
 Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "E" earlier document but published on or after the international filling date "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means "P" document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document of particular relevance; the claimed invention cannot be considered to understand the principle or theory underlying the or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention cannot be considered novel or cannot be considered to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory underlying the clied to understand the principle or theory u							
Date of the actual completion of the international search Date of mailing of the international search report 19 January 2005 01/02/2005							
Name and malling address of the ISA Authorized officer
